

Safeguarding in Scouting

Staying Safe in Scouting:

The STAY SAFE leaflets contain information for young people about how to stay safe online and in the real world, and gives them all the age-specific information they need to report anything that makes them feel worried, scared or upset.

- [Stay Safe \(Beavers, aged 6-8\)](#)
- [Stay Safe \(Cubs, aged 8 to 10 ½\)](#)
- [Stay Safe \(Scouts, aged 10 ½ to 14\)](#)
- [Stay Safe \(Explorers, aged 14 to 18\)](#)

HQ has also put together some videos on safeguarding for Beavers and Cubs, and for Scouts and Explorers.

- [Beaver and Cub video with subtitles](#)
- [Scout and Explorer video](#)

The world is constantly changing and there are always new ways to communicate with friends, explore the world and get connected. Society puts pressure on young people to experience new things, but that can make them feel vulnerable and unsure about the world around them.
